Dear Randy,

It was a pleasure working with you this past year.

As you recall, you visited my office last year and performed an acupuncture session for stress and relaxation. Although, the environment is a tough one and there were several distractions, I found the session valuable. It provided me with the feeling of a good night's sleep and a sense of well being. Quite a feat, for one man to accomplish.

Please share my name with anyone who is interested. I wish you great success.

All the Best,
